

# COMMON GOOD INVOLVEMENT SHEET

Common Good runs a number of initiatives involved in Early Life, Education and Employment.

In addition, we support a number of other organisations and ministries working to positively impact social justice in Cape Town.

Ways to support these initiatives are through **volunteering** or **connecting people with opportunities**.

If you don't find what you feel God is leading you to on this list, we encourage you to keep researching!

There are many wonderful ways to be Christ's hands in our city...
